

NEW BUS TRANSPORTATION SERVICE STARTING AUGUST 2008

Dear Parents,

There continues to be significant traffic congestion during morning drop-off and afternoon pick up times. Reducing the number of individual cars that come to School each day would help us to address this daily concern.

The School is seeking your help in reducing traffic congestion and improving child safety. If you are not already utilising a third party transportation service, please do give serious consideration to using the School bus service which was set-up specifically to ease the traffic congestions that we currently face.

The Bus Service:

The School has contracted a third party operator to provide daily pick-up and drop-off transportation services on behalf of the School. Each bus is equipped with seat belts; and has appropriate adult supervision, as well as a mobile phone for emergency contact.

Pick-up and drop-off locations are in safe, central locations close to the main residential areas in HCMC. Parents are expected to ensure children are safely picked-up by the bus in the morning and collected from the bus at drop-off in the afternoon.

The School can only provide a bus service to areas where there is sufficient demand. Currently the bus service provides service to District 1, District 2 (An Phu), District 3, Phu Nhuan District and District 7 (Phu My Hung). If you live outside these areas and are interested in a bus service, please respond to this letter as quickly as possible in order that the school has sufficient time to consider your particular request.

Costs and Billing:

Transport Fees will be billed per term directly by the School, and a VAT invoice is available on request. Fees are expected to be approximately \$6 per round trip per day; however with rising fuel costs, we reserve the right to change these fees without notice.

Indication of Interest:

If you are interested in this service, please complete the attached application form and return it to Ms Diem Transportation Secretary as early as possible. Alternatively, the form can be faxed to 8989382 or emailed to transport@ishcmc.edu.vn,

Thank you for your attention to this matter.

Yours Faithfully,

Mr Sean P. O'Maonaigh
Headmaster / General Director
