

SCHOOL SONG

Hello, Hola, Morgan and Namaste
Sawadee, Buon Giorno,
Xin Chao and G'day.
Konichiwa, Zdrasti,
An Young Ha Se Yo,
Hear us as one voice,
Striving as we go.

We represent so many,
But we are really one,
A small global village,
Beneath the Vietnam sun,
We endeavour to achieve
The best in all that we do
And to learn from each other,
And always be true.

Chorus

From many lands we hail
We come from far and wide
But we are here in Viet Nam
Together side – by – side
Working together
For peace and harmony
Discovering things
About you and me.

Hello, Hola, Morgan and Namaste
Sawadee, Buon Giorno,
Xin Chao and G'day.
Konichiwa, Zdrasti,
An Young Ha Se Yo,
Hear us as one voice,
Striving as we go.
Hear us as one voice,
Striving as we go.

Presentation Day Programme

Junior and Elementary School

**International School
Ho Chi Minh City**

9th June 2010 at 8.30am

SCHOOL PHILOSOPHY

The International School Ho Chi Minh City is committed to providing a positive academic and caring social environment, strongly emphasising the development of the whole child by encouraging students to achieve their fullest potential, so that each matures with a strong sense of self worth, respecting cultures of others.

OBJECTIVES

In line with the school's philosophy, ISHCMC has as its central objective the development of the whole child. The school addresses the intellectual, emotional, social, creative, linguistic, cultural, moral, aesthetic and physical needs of each student and bears in mind the interdependency of these aspects of the student's development.

Further linked to the school's philosophy and central to its objectives is the belief that the social and learning environment be international in outlook, non racist and non sexist. The child's experience is placed at the heart of the learning process and whilst a foundation of essential skills is provided in each of the Key Learning Areas, the school emphasises how children learn as a complement to what they learn.

The school also seeks to involve parents in the education of their children through regular communication and involvement in school activities and strives towards the forging of close and positive links with the host country in all areas.

PROGRAMME

8:30am	Welcome	Mrs. Claire McLeod
