

2026-27 Fee Schedule

A detailed guide to tuition, payment schedules, inclusions, development fees, discounts and payment methods for the 2026–27 academic year.

Fee Structure

The fee structure has three main components:

1. an Admissions Fee for new students,
2. the Annual Tuition Fee, and
3. for Grades 1–12 either the Annual Development Fee (ADF) or, where eligible, a Certificate of Entitlement (COE).

Families may pay tuition annually, in 2 semester payments, or in 4 term payments. The total tuition payable varies by payment schedule, so the installment amounts below should be used rather than dividing the annual fee. For billing and invoicing, tuition fees and the ADF are presented separately.

Important: All fees are listed in Vietnamese Dong (VND). Optional, supplementary, or externally provided activities may incur additional charges. Terms and conditions apply.

1. Admissions Fee

The Admissions Fee is non-refundable and applies to new students. It covers administrative procedures associated with admission, including student interviews, English-language testing where required, review of academic history, grade and class placement, subject allocation and timetabling.

Year level	Admissions Fee
Early Explorers to Kindergarten	25,000,000 VND
Grades 1–12	50,000,000 VND

For the first enrolling student, the Admissions Fee is paid in full. Subsequent siblings receive a 50% discount. Where 2 or more siblings enroll at the same time, the 50% discount is applied to the youngest child or children.

2. Annual Tuition Fees (Excluding ADF/COE) — Academic Year 2026–27

Semester 1 and Semester 2 are the 2-payment schedule. Term 1-4 are the 4-payment schedule. The installment totals differ from the annual tuition amount.

3. Annual Tuition Fee Includes

The annual tuition fee includes the following parts of the daily program and student experience:

Included	Details
Local excursions	Conditions may apply.
Annual overnight field trips	Included for Grades 3–12. Some trips, including some overseas trips, may require further payment.
Stationery	All stationery from Early Years to Grade 5.
Textbooks	All required textbooks from Early Years to Grade 12.
Technology	Shared iPad resources from Early Years to Grade 2; one iPad per student in Grades 3–5; one MacBook Air per student in Grades 6–12.
Curriculum software	Educational software required for the school curriculum.
After-School Activities and sport	Included subject to program conditions. Some programs may require additional payment where external vendor support is needed.
English as an Additional Language	EAL support, subject to applicable conditions.
Learning support and enrichment	Academic Learning Support and Challenge & Enrichment Support, subject to applicable conditions.
Wellbeing	Counseling and nursing services.
School uniform	One annual school uniform set.
Morning fruit	Morning fruit snacks for students.

Additional and supplementary charges

Supplementary fees may be charged for elective or discretionary activities. These can include experiential learning activities, international sporting and cultural trips, trips

associated with individual courses, IB examination fees, the school bus and other activities not included in tuition. Separate invoices will be sent to parents.

4. Annual Development Fee (ADF) or Certificate of Entitlement (COE)

For Grades 1–12, one of the following development-fee options applies. Families or companies should advise Admissions of their fee choice. The ADF is separate from tuition and may be subject to different payment, prorating and refund arrangements.

Option	Amount	How it works
Annual Development Fee (ADF)	67,500,000 VND	Paid annually at the beginning of each school year for Grades 1–12.
Certificate of Entitlement (COE)	337,500,000 VND	One-time payment available for students in Grades 1–10. It removes the need to pay the ADF each year, subject to COE terms. A COE provides placement for one child at a time. New enrollments in Grades 11–12 are offered the ADF option only.

The ADF supports long-term planning and development across both campuses, including 2026–27 enhancements such as upgraded Kindergarten and Grade 3 learning spaces, a Primary Fab Lab, a Secondary outdoor gym and covered basketball court, an upgraded Wellness Centre and a Community Cafe.

For further information about COE entitlement, contact Admissions.

5. Sibling Discounts

Admissions Fee: Subsequent siblings receive a 50% discount, subject to the conditions described in Section 1.

Tuition: A third child from the same family attending ISHCMC receives a 20% tuition discount. A fourth child receives a 35% tuition discount. The discount applies to the youngest child in the family and to tuition fees only; it does not apply to the Admissions Fee, ADF or COE.

6. Family Referral Program

ISHCMC operates a Family Referral Program for existing families. The current tuition-fees page directs families to the separate Family Referral Program page for details. Eligibility, benefits and terms are not reproduced here because they are not specified on the tuition-fees page.

7. Payment Methods

Bank transfer is the preferred payment method.

Bank transfer
